### **Abut Inspira Technologies OXY B.H.N. Ltd.**

Inspira Technologies is an innovative medical device company in the respiratory care industry. Inspira is developing the ART device, a cost effective early extracorporeal respiratory support system with an intent to function as an “Artificial Lung” for deteriorating respiratory patients. The ART device designed to utilize a hemo-protective flow approach aimed to rebalance saturation levels while patients are awake and breathing, potentially minimizing the patient's need for mechanical ventilation. The Company's product has not yet been tested or used in humans and has not been approved by the U.S. Food and Drug Administration (FDA).
